Experience

C.U. Boulder / Course Assistant

January 2024 - May 2025, Boulder, Colorado

- Worked as course assistant for CSCI 3352 Design and Analysis of Database Systems
- Worked as course assistant for CSCI 2400 Computer Systems
- Contributed to students' understanding of databases, SQL, and the assembly layer through office hours and one-on-one sessions.

Allen Allen Allen, and Allen / Data Migration

May 2020 - August 2020, Richmond, Virginia

- Assisted law firm in deprecating outdated case management system.
- Migrated workflow to Litify, a Salesforce based CMS.

Education

C.U. Boulder / B.A. in Computer Science with a concentration and minor in Data Science.

August 2020 - July 2025, Boulder, CO

Technical GPA: **3.46**

Relevant Coursework:

- Applied Machine Learning
- Advanced Data science
- Design and Analysis of Database Systems.
- Data Visualization
- Algorithms

Collegiate School / High School Diploma

August 2008 - May 2020, Richmond, VA

Skills

-
- **Languages:** Python, Excel, HTML/CSS, SQL, duckDB
 - **Skills:** Data Pipelines, statistical analysis, data visualization, A/B testing, prompt engineering, Database design, Agile
 - **Tools:** API/REST, Python, Git/Github, AWS, ETL, Tableau, Tensorflow, React, Openai, Cursor, Visual Studio

Projects

-
- **New York Taxi Data Pipeline** - Ingested, transformed and loaded two years of new york taxi data into STAR database. Visualized relevant insights in a multi-page executive dashboard.
 - **Link Prediction in Biological Networks** - Applied machine learning research on social networks to biological networks while studying under Aaron Clauset.
 - **LLM and ElevenLabs Media Tool** - Implemented python infra to leverage frontier AI tools to create social media videos from a single natural language prompt.

Awards and qualifications

-
- Oracle Cloud Infrastructure - Cloud Foundations (1Z0-1085-24) - 2024
 - Outstanding Philanthropy Chair, C.U. Delta Sigma Phi - 2022.
 - Founded and scaled Boulder chapter philanthropy: \$10K raised, 500+ hours served.
 - Excellence in Engineering, FIRST Robotics - 2025
